

XVII Scientific and Technical Symposium, Autumn Symposium of the Pharmaceutical and Cosmetic Industry

Tuesday, 19 October 2021

08:00 Registration of participants
09:00

09:00 OPENING OF THE SYMPOSIUM

09:30 Room Satin 1+2

INTRODUCTORY PANEL: Challenges and directions of development of the Polish pharmaceutical and cosmetic industry

Panel topics:

- contemporary challenges and opportunities for the development of Polish pharmacy and the cosmetics industry
- what has COVID-19 changed in production plants (pharmacy, cosmetics)
- Industry 4.0, digitization, modern technologies - where are we and where are we going?
- artificial intelligence- how can we use it?

09:30 *Modern technologies, digitization - where are we and where are we going in the cosmetics industry?*
Agnieszka Owczarek, Elfa Pharm Sp. z o.o.

09:50 *Product safety in the era of digitization of production processes*
Witostaw Pelc, Exence S.A.

11:10 Break
11:40

11:40 Room Satin 1 (Pharmacy)

Panel I: Revolution or evolution... modern technologies and solutions

Leader: Radosław Bondarczuk, POLFA WARSZAWA S.A.

Room Satin 2 (Cosmetics)

Panel I: Purpose: a safe cosmetic

11:40 Panel I (Pharmacy) – Room Satin 1

Artificial Intelligence and Machine Learning in Business Planning
Aleksander Dobersztyn, Polpharma Biuro Handlowe Sp. z o.o.

Panel I (Cosmetics) – Room Satin 2

Necessary tests confirming the safety of the cosmetic
Marta Pawłowska, ACC Chemicals Sp. z o. o. Sp. K.

11:55 Panel I (Pharmacy) – Room Satin 1

Magnetic stirrers - how to mix, not to confuse the safety of the product
Damian Isztwan, OptiFlow

Panel I (Cosmetics) – Room Satin 2

Environmental conditions monitoring systems in the cosmetics industry
Andrzej Łobzowski, LAB-EL s.c. Elektronika Laboratoryjna

12:10 Panel I (Pharmacy) – Room Satin 1

Panel I (Cosmetics) – Room Satin 2

Optimization of pharmacy processes through more efficient regulation

Jacek Czeczot, INVERSE CONTROL sp.z o.o.

Tomasz Kłopot, INVERSE CONTROL sp.z o.o.

A safe cosmetic is not only a Safety Assessment Report

Małgorzata Hińcza-Dębińska, Elfa Pharm Sp. z

o.o.

12:25 Panel I (Pharmacy) – Room Satin 1

Lecture pending confirmation

Panel I Cosmetics) – Room Satin 2

R&D project management - a cosmetics manufacturer's perspective

Paweł Włochacz, Elfa Pharm Sp. z o.o.

13:10 Lunch - Restaurant

14:15

14:15 Room Satin 1 (Pharmacy)

Panel II: Priority: safety and quality

Room Satin 2 (Cosmetics)

Panel II: Machines and devices

14:15 Panel II (Pharmacy) – Room Satin 1

Laboratories of the Medical University of Lodz in the aspect of GMP

Paweł Szymański, Medical University of Lodz

Panel II (Cosmetics) – Room Satin 2

Synchronization of production processes in Torf Corporation thanks to improved planning

Magdalena Kobryń, Torf Corporation Sp. z o.o.
Artur Głodek, EQ SYSTEM

14:30 Panel II (Pharmacy) – Room Satin 1

Environmental conditions monitoring systems in the pharmaceutical industry

Andrzej Łobzowski, LAB-EL s.c. Laboratory electronics

Panel II (Cosmetics) – Room Satin 2

Universal packaging line with short changeover times.

Karol Kielbiński, tkmatik Sp. z o.o.

14:45 Panel II (Pharmacy) – Room Satin 1

Effective use of data from IT systems to solve problems

Monika Barańska, Improve&Develop

Panel II (Cosmetics) – Room Satin 2

Savings in the cosmetics industry thanks to optimal regulation

Jacek Czeczot, INVERSE CONTROL sp.z o.o.
Tomasz Kłopot, INVERSE CONTROL sp.z o.o.

15:00 Panel II (Pharmacy) – Room Satin 1

Not to take, not to test – know the result?

Marta Adamkiewicz-Alejziak, POLFA WARSZAWA S.A.

Panel II (Cosmetics) – Room Satin 2

Lecture pending confirmation

16:00 Break

16:30

16:30 Room Satin 1 (Pharmacy)

Panel III: Reliability direction

Leader: Łukasz Dawidowicz, Orifarm Manufacturing Poland

Panel topics:

- ways to reduce downtime - planning repairs, machine inspections

Room Satin 2 (Cosmetics)

Panel III: How and what to pack?

Panel topics:

- packaging trends (plastic strategy)

- packaging materials

- labels and marking

- rebranding of packaging - when is it worth making a decision?

- avoiding breakdowns - good practices
 - Yield, or how to reduce losses in the process
 - Operator of the future - can the operator not be "technical"

- good practices in communication with the client
 - zero waste trend

16:30	Panel III (Pharmacy) – Room Satin 1 <i>Conversations between machines and mechanics - distant future or present?</i> Rafał Grabicki , SteriPACK Medical Poland	Panel III (Cosmetics) – Room Satin 2 <i>Ecodesign of cosmetics packaging. How to do it in line with the waste hierarchy?</i> Magdalena Turowska , Polish Union of the Cosmetics Industry
16:50	Panel III (Pharmacy) – Room Satin 1 <i>Sufficiently good maintenance - Predictive tools: pilot GMH system</i> Dariusz Piotrowski , ZF POLPHARMA S.A.	Panel III (Cosmetics) – Room Satin 2 <i>Lecture pending confirmation</i>
17:05	Panel III (Pharmacy) – Room Satin 1 <i>Increased safety in terms of production continuity by predicting failure of Grundfos Machine Health rotating machines</i> Radosław Kosiński , Grundfos Pompy Sp. z o.o.	Panel III Cosmetics) – Room Satin 2 <i>Lecture pending confirmation</i>
17:20	Panel III (Pharmacy) – Room Satin 1 <i>The use of modern protective coatings as a function of thermal insulation in the industry</i> Grzegorz Latosiński , POLFA WARSZAWA S.A.	Panel III Cosmetics) – Room Satin 2 <i>Lecture pending confirmation</i>
17:35	Panel III (Pharmacy) – Room Satin 1 <i>How the suggestion system supports and involves employees in the process of increasing efficiency in the pharmaceutical company</i> Anna Tondel-Lipska , US Pharmacia Sp. z o.o. Agnieszka Bednarska , US Pharmacia Sp. z o.o.	Panel III Cosmetics) – Room Satin 2 <i>Is it easy to choose "environmentally friendly" packaging</i> Alicja Klimowicz , Clochee sp. z o.o.
18:00	Rozmowy na stoiskach	

20:00 Dinner
 24:00

Wednesday, 20 October 2021

08:00 Breakfast at the place of accommodation
 09:00

09:00	Sala Satin 1 (Pharmacy) Panel IV: What else can we change: packaging	Sala Satin 2 (Cosmetics) Panel IV: The future and the here and now of cosmetics
-------	---	--

09:00	Panel IV (Pharmacy) – Room Satin 1 <i>Mobile Aggregation</i> Adrian Hadryś , Zakłady Farmaceutyczne POLPHARMA Oddział Medana	Panel IV (Cosmetics) – Room Satin 2 <i>Cooperation of the Medical University of Lodz with the industry in the field of cosmetic raw materials</i> Kamila Czarnecka , Medical University of Lodz
09:15	Panel IV (Pharmacy) – Room Satin 1 <i>Glass packaging in pharmaceutical production</i> Agnieszka Wilczyńska-Zuchora , Orifarm Manufacturing Poland Sp. z o.o.	Panel IV (Cosmetics) – Room Satin 2 <i>Postcovid hair loss - how to solve this problem</i> Małgorzata Bajerska , Edyta Pawluśkiewicz LARA
09:30	Panel IV (Pharmacy) – Room Satin 1 <i>Ecodesign of packaging in the pharmaceutical industry - is it possible?</i> Karolina Janas , Curtis Health Caps S.A.	Panel IV (Cosmetics) – Room Satin 2 <i>The role of CBD cannabinoid in cosmetics and medical students' knowledge about it</i> Elżbieta Budzisz , Medical University of Lodz

10:30 Break
11:00

11:00 12:30	Sala Satin 1 (Pharmacy) DEBATA The challenge: packaging Participants Anna Gawrońska , area leader for GS1 standards in health care, SBL Institute of Logistics and Warehousing Rafał Grabicki , Engineering Manager, SteriPACK Medical Poland Karol Skoczylas , Marketing Director of CHC Polska, Pharmaceutical Works Polpharma S.A. Krzysztof Walczyński , Head of the Company. Synthesis and Technology of Medicinal Agents, Medical University of Lodz Subject: • tablets- in blisters that combine PE and aluminum, or maybe it's time for HDPE bottles that can be fully recycled • large packages with 1 tablet inside: is there an alternative? • the hospital market, do we really need colored packaging- can the regulations help reduce losses? • the Patient Centric concept, or how to hear the end user's voice	Sala Satin 2 (Cosmetics) Legislative workshop: What legal changes await the cosmetics industry in the near future LEADER: Anna Oborska, Polish Association of the Cosmetics and Detergent Industry Subject: • Correct advertising of a cosmetic product. • Ingredients under the scrutiny of the European Commission. • ED substances - SCCS evaluation process. • Environmental revolution - what legal changes await the industry in this area. • Digitization and its effects on the cosmetics industry.
----------------	---	---

12:30 Lunch
13:30 Dismantling of stands

14:30	TECHNICAL TOURS (the form of the tour will be announced later): Medana (Sieradz), Elfa Pharm (Chociw) Access on your own
